The New Black

◀ 3 of 13 ▶

Danielle's new look is great for an interview *and* once she gets the job.

The fit-and-flare satin trench coat is a great evening look that Danielle can use after she lands the job. "When you're wearing clothes in the office, you have to think about versatility. It has to work from the office to the evening," Adam says.

Underneath the coat is Danielle's interview suit—a jacket over a shift dress. The dress has some stretch to it, which is great for traveling. "Everyone should have a shift dress in their wardrobe. It really is the perfect little black dress," he says. "You can dress it

up. You can dress it down. It's really very easy and proper."

"You look like a different person to me," Oprah says. "For goodness' sakes, you have the job as far as I'm concerned."
